#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Neuron Structure
What are the different parts of a neuron?

What?
In the diagram, label the following parts of a neuron: cell body, dendrites, axon, myelin sheath, and axon terminals.

Model 1 - Parts of a Neuron

1. Model 1 is an illustration of a neuron. Label each of the neurons in the diagram with the following structures:

Cell body	Axon
Dendrites	Myelin sheath

2. What are the main parts of a neuron? (Label 1 point each, correct label address correct label from label, correct label cell or from correct label)

The dendrites collect signals from other neurons.

3. How do signals travel through the neuron? (Label 1 point each, correct label address correct label from label, correct label cell or from correct label)
